

Software Developer (Fresher) - Job Description

Job Title

Software Developer (Fresher)

Location

Hybrid / On-site / Remote (as per business requirements)

Employment Type

Full-Time

Experience

0–1 Year (Freshers Welcome)

About the Role

We are looking for enthusiastic and motivated Software Developer Freshers to join our engineering team. You will work with experienced developers to design, develop, test, and maintain high-quality software applications while learning modern software development practices.

Key Responsibilities

- Write clean, maintainable, and efficient code.
- Assist in developing web, desktop, or backend applications.
- Debug, test, and resolve software issues.
- Participate in code reviews and Agile ceremonies.
- Collaborate with cross-functional teams.
- Maintain technical documentation.
- Continuously learn new technologies and best practices.

Required Qualifications

- Bachelor's degree in Computer Science, Information Technology, or related field.
- Strong understanding of Data Structures and Algorithms.
- Knowledge of OOP concepts.
- Basic knowledge of SQL and databases.
- Familiarity with Git/GitHub.
- Good communication and problem-solving skills.

Preferred Skills

- Programming: Java, Python, C++, JavaScript (any one or more).
- Web: HTML, CSS, JavaScript, React (basic).
- Backend: Node.js, Spring Boot, or Django (basic).
- Database: MySQL, PostgreSQL, MongoDB.
- Understanding of REST APIs and SDLC.

Selection Process

1. Resume Screening
2. Online Assessment (Coding/Aptitude)
3. Technical Interview
4. HR Interview
5. Offer & Onboarding

Compensation & Benefits

- Competitive entry-level salary
- Health insurance
- Paid leave
- Learning & certification support
- Mentorship and career growth opportunities

Equal Opportunity

We are an equal opportunity employer. All qualified applicants will receive consideration regardless of gender, race, religion, disability, or background.
